

VINYL SESSIONS!

WE NOW PRESENT OUR SESSIONS ON VINYL

Recording engineer Peter Axelsson creates the mastering specifically from the original high resolution audio files which are then used in a press matrix to make the engraving.

The Supreme Sessions engraving is made by legendary engineer Janne Hansson at Atlantis Studios in Stockholm. Janne engraved most Swedish popular, jazz and classical music.

Our Sessions are pressed on very rigid and qualitative 180g vinyl at the renowned audiophile pressing plant Pallas in Germany.

Supreme Sessions 1 comes in an edition of 300. Supreme Sessions 2 comes in an edition of 500.

You are most welcome to place an order.
